Health and Care Research

WERE YOU BORN WITH A CLEFT LIP AND/OR PALATE?

Cleft@18-23 is a research study taking place in the UK.

We are looking for people to
take part who:

- are aged 18-23 years old
- have a cleft lip and/or palate
- had their 1st operation for their cleft before the age of 2 years old
- had their 1st operation for their cleft and continued their treatment in the UK
- have been discharged from their cleft centre more than 6 months ago

If you take part

We will invite you to come to a Cleft@18-23 Research Clinic at one of the Cleft Centres in the UK. You will be at the clinic for about 3 hours.

At the clinic we will ask you to:

- complete questionnaires
- have photos taken of your face & mouth
- record a sample of your speech & have your hearing checked
- have your teeth checked

At the end of the clinic assessments we will give you a £50 voucher as a thank you for your time. We can also pay back your travel costs.
